## The Practical and Methodological Seminar in English «IELTS – Strategies of Successful Preparation»

**On November 23rd, 2018** at Pedagogical Institute, Borys Grinchenko Kyiv University, practical and methodological seminar in English «**IELTS – Strategies of Successful Preparation**» took place.

The aim of the event is to familiarize students of Pedagogical Institute with the international English language testing system **IELTS** (International English Language Testing System).

Students learned about the structure and content of the international English language testing system; reviewed individual test samples; received qualified advice on successful completion of the test modules (speaking, listening, reading, writing); found out the principles and criteria for evaluating each of the modules; got acquainted with the specifics of the "General" and "Academic" tests; deepened knowledge on the possibility of passing international English exams in Ukraine.
